

Value for Centres of Vocational Excellence (CoVEs)

Why should your CoVE collaborate with the BuildSkills Academy CoVE?

By engaging with the CoVE Buildskills Academy, **CoVEs** will gain access to transformative opportunities that position them at the forefront of the European VET excellence.

Through joint activities with the BuildSkills Academy, **CoVEs** gain significant opportunities to enhance their role in modernizing vocational education and training at both national and European levels. Joining offers **CoVEs** recognition, collaboration, influence, and innovation opportunities, enabling them to lead in shaping the future of vocational excellence across Europe.

Enhanced Visibility and Recognition

- Participate in BSA network communication and promotional activities, by way of example and without limitation, allowing your logo to be displayed on BSA's website (securing exceptional visibility at transnational level, reaching key stakeholders, industry leaders and decision makers worldwide).
- Gain visibility as a European leader in vocational excellence through the BuildSkills Academy website and communications.
- Showcase commitment to VET advancement, innovation and collaboration by displaying the partnership on your own platforms and representing its voice in BSA network discussions and outcomes validation.
- Strengthen your reputation as a driver of excellence in skills development.

Value for Centres of Vocational Excellence (CoVEs)

Stronger Networks and Partnerships

- Connect with VET providers, chambers, clusters, professional associations, companies, high-level ecosystem players and other CoVEs across Europe.
- Build long-term partnerships through structured cooperation and shared activities.
- Access new collaboration opportunities at regional, national, and EU levels.

Knowledge Exchange and Peer Learning

- Participate in the exchange of best practices and methodologies in vocational training.
- Benefit from peer learning activities and co-organised events on topics of common interest.
- Access new insights into skills development approaches, particularly with focus on the twin transition.

Collaboration in Training Development

- Apply and refine methodologies through peer reviews and feedback loops.
- Gain access to enriched, future-oriented training content to improve learner outcomes.

Increased Outreach and Impact

- Broaden your impact by participating in joint events and outreach initiatives.
- Leverage the BuildSkills Academy brand and social media channels for greater dissemination.
- Amplify your own activities through co-promotion with project partners.

Influence and Strategic Contribution

- Provide feedback and insights that directly influence the improvement and exploitation of project results.
- Contribute to shaping European vocational training policies and practices in line with industry needs.
- Ensure you play a role in the sustainability and continuation of BuildSkills Academy outcomes.
